

The logo features a stylized blue water drop on the left, containing a green leaf. To its right, the words "Dam Gates" are written in a white, sans-serif font, with a green leaf icon above the letter 'a' in "Gates". Below this, the words "FLOOD IRRIGATION" are written in a bold, green, sans-serif font.

Dam Gates

FLOOD IRRIGATION

TRUSTED since **1974** 

Why DamGates®

.....

DamGates® are made by Triad Fastener, which has over 40 years of manufacturing excellence. They are the best name in gated flood irrigation. They have performance tested superior service and longevity.

.....
